

There is a problem lurking here for Branch Coverage. What is it?

```
1 public void testMe(int x) {  
2  
3     int y = 0;  
4  
5     if (x > 0) {  
6         y = y + 1;  
7     } else {  
8         y = y + 2;  
9     }  
10  
11     if (y > 0) {  
12         y = y + 1;  
13     }  
14  
15     // ...
```
